Backyard pool & spa installation — 24 Royal Avenue, Beaumaris

Thanks for the site walk-around on Wednesday. Here's the full quote for the pool, spa, surrounds and equipment — we've allowed for the Hayward equipment and the travertine paving you preferred. Build time is roughly 10 to 12 weeks from permit through to handover. Any questions, call anytime.

DESIGN & PERMITS	\$4,800.00
------------------	------------

Pool design and engineering, Council application including pool safety barrier compliance plan, dial-before-you-dig site survey, soil assessment and set-out.

EXCAVATION & SHELL	\$28,400.00
--------------------	-------------

8 m × 4 m fibreglass shell delivered and craned into position, excavation to depth profile (shallow 1.1 m / deep 1.9 m), structural beam and bond beam, waterline tile band, backfill with crushed rock.

EQUIPMENT & PLUMBING

\$14,900.00

Hayward VSP variable-speed pump, Hayward cartridge filter, salt chlorinator, three LED pool lights, spa pump and in-line heater, suction + return lines, auto-backwash plumbing, all pipework pressure-tested.

SURROUNDS & PAVING

\$19,600.00

42 m² travertine pool coping and surround paving, drainage grates and run-off to garden beds, 4.5 m pool blanket with roller, soft-close safety cover rail, boundary garden bed restoration.

COMMISSIONING & HANDOVER

\$4,200.00

Fill, balance water chemistry, dose chemicals, pool school for the family (equipment, chemistry, maintenance), 7-day water-quality follow-up, final site clean and handover pack with warranty cards.

Subtotal	\$71,900.00
GST	\$7,190.00
Total	\$79,090.00

Compliant with AS/NZS 4442 plumbing standards
- ✔ 25-year structural warranty
Fibreglass shell · manufacturer-backed · transferable

TERMS AND CONDITIONS

This quote is valid for 45 days from the date above. Prices are in Australian dollars and include GST. All materials, equipment, excavation, craneage and standard surrounds are included. Rock excavation (if encountered) is billed at \$420/hour of additional machine time with photo evidence; pre-excavation sounding is included.

A 10% deposit secures your build slot. Progress payments align with the stages above (Design → Shell → Equipment → Surrounds → Handover) and are invoiced on completion of each stage. Final payment is due on handover.

The fibreglass shell carries a 25-year structural warranty backed by the manufacturer. Equipment warranties pass through from Hayward (pump 3 years, filter 1 year, salt cell pro-rata). Our workmanship on plumbing, surrounds and installation carries a 7-year warranty from completion.

Under Victorian pool safety regulations, a compliant pool safety barrier must be installed before the pool is filled. This quote assumes an existing complying fence; if non-compliant, a barrier upgrade is quoted separately. Pool fencing certification lodgement is the owner's responsibility and must be registered within 30 days of fill.
